### Program Overview and Application Process

Smiles Change Lives (SCL) is happy to provide this once in a lifetime opportunity for your child to receive braces.

QUALIFICATIONS: Your child must meet ALL qualifications to apply to the program.

- Be 7-21 years of age (must receive application prior to the child's 22<sup>nd</sup> birthday)
- Have "good" oral hygiene and no unfilled cavities
- Have a moderate to severe need for braces
- Not be wearing braces currently
- Have a total household income at or below our financial guidelines as listed at <u>www.smileschangelives.org/financial</u>, which varies by geographic location (see page 4 for more information)
- Be willing to pay the non-refundable \$30 (USD) application fee and the non-refundable \$650 (USD) required financial investment (per child)

## **APPLICATION PROCESS:**

- 1. Upon receipt of a COMPLETE application, the application will be reviewed and the family will be notified whether or not the child qualifies for the next step in the application process. If your application is INCOMPLETE, it will be returned to you and, in order to be considered for the program, you will be required to submit a NEW complete application, including an additional \$30 (USD) non-refundable fee.
- 2. Once SCL has received a complete application, it will be reviewed by the SCL Review Panel and the family will be notified whether the child (i) is qualified for the program and will be placed on a wait list, (ii) is declined for the program, or (iii) will need further evaluation (due to poor oral hygiene, dental development, or other potential issues).
- 3. If your child is qualified for the program, SCL will work to assign the child with a provider. If there are no treatment openings in your area, you will be notified that you have been put on a wait list and that we are working to locate a treatment provider in your area for your child.
  - NOTE: The waiting period for this step of the process varies and can be longer than twelve (12) months based on area demand. Likewise, treatment providers are limited in some areas, and SCL cannot make any guarantees of placement with a provider. If a treatment provider has not been assigned BEFORE your child turns 22, he or she will be removed from the wait list and will no longer be eligible for treatment.
- 4. Once a treatment provider is located for your child, you will be notified and will have 30 days from the date of the notification letter in which to pay the nonrefundable \$650 (USD) required financial investment. We cannot accept partial payments. We cannot accept payments from Flexible Spending Accounts or Health Savings Accounts. If this fee is not received by SCL in full within 30 days of notification, your child will lose his/her placement in the SCL program. This financial investment secures your child's beautiful new smile. Likewise, when you pay the required financial investment, you know that not only will your child benefit, but that you are also "paying it forward" to help the program be available to assist other families in the future.
  - Note: If your child requires early interceptive treatment (due to the presence of baby teeth, etc.), you will notified by SCL and must submit a \$325 (USD) required financial investment to SCL within 30 days. If this fee is not received by SCL in full within 30 days of notification, your child will lose his/her placement in the program and will need to reapply with a NEW application. Upon completion of this interceptive phase, you must REAPPLY if you wish to be considered for comprehensive treatment through the program by submitting a NEW complete application and paying a new \$30 non-refundable fee and the \$650 required financial investment (if approved).
- 5. Upon receipt of payment, your child will be assigned to an SCL treatment provider and will be on their way to a healthy, happy smile!

## Consent and Hold Harmless Agreement

The undersigned has read, understands and agrees to abide by the attached Program Rules and Guidelines, which are incorporated herein by reference, for receiving orthodontic treatment through the Virginia Brown Community Orthodontic Partnership d/b/a Smiles Change Lives, and has been given the opportunity to ask questions about this information. If our application is approved and a treatment provider is located, I consent to allow Smiles Change Lives and its partner doctors to provide orthodontic treatment for my child. I understand that acceptance into the Smiles Change Lives program for my child's orthodontic care is based on our (my child's and my) ability to maintain my child's oral health as indicated in the Program Rules and Guidelines and to abide by all the Program Rules and Guidelines. I also understand that if we do not maintain oral hygiene and abide by the Program Rules and Guidelines, my child will be removed from the program, his/her braces will be removed and treatment will be terminated with no refund of the \$650 required financial investment (or the \$325 required financial investment if my child is receiving interceptive treatment). I further agree that if treatment is stopped early and my child is removed from the program for not following the Rules and Guidelines, or for any other reason, we (my child and I) will hold Smiles Change Lives and the assigned treatment provider harmless and free from any liability for any damage or injury resulting from the termination of said treatment.

I, on behalf of myself and my child, acknowledge that Smiles Change Lives does not itself provide the orthodontic treatment and that all treatment will be provided by a doctor assigned by Smiles Change Lives ("partner doctor"). I expressly authorize Smiles Change Lives, the partner doctor(s) and my dentist (as listed on my application) to share my child's medical records and information with each other in order to coordinate and manage my child's treatment. In consideration of the acceptance of my child's application by Smiles Change Lives, we (my child and I) release Smiles Change Lives and the partner doctor and their agents, employees, board members, officers, representatives, and successors and assigns from any and all claims, demands, actions, proceedings, damages or liability of any kind whatsoever that we may have at any time arising, directly or indirectly, from (i) our participation in the Smiles Change Lives program, or (ii) any action taken by Smiles Change Lives or the partner doctor based on the Program Rules and Guidelines, including but not limited to my child's removal from the program and the removal of his/her braces. I further acknowledge and understand that Smiles Change Lives and the partner doctor do not guarantee satisfaction with the outcome of the orthodontic treatment provided.

I consent and authorize receipt of all communication from Smiles Change Lives via email to the email address provided by me in my child's application, or as updated by me in writing to Smiles Change Lives from time to time. I understand that it is my responsibility to maintain a valid email address on file with Smiles Change Lives for this purpose.

This Agreement shall be interpreted and enforced in accordance with the laws of Missouri and is intended to be as broad and inclusive as permitted by the laws thereof or of any other state where Smiles Change Lives program activities occur. Waiver of any provision by Smiles Change Lives shall not operate or be construed as a continuing waiver. This Agreement shall survive termination or completion of my child's treatment. If any portion of this Agreement is held invalid, the remainder of it shall remain effective.

#### **REQUIRED PHOTOS**

These photos are extremely important and must be as clear as possible in order for us to assess your child's unique treatment needs. Keep in mind that they will be sent to your potential treatment provider for evaluation prior to being accepted for treatment. You may use photos provided to you by your dentist, or you may take your own using a regular camera or a camera phone, provided the photos are of good quality. Please make sure your child has brushed and flossed prior to taking the photos.

Please take your time when taking the photos, and send in ALL 8 required photos. We MUST have all 8 photos in order for your application to be complete. The following photos are the eight angles required in our application. \*You do NOT need to darken out your child's eyes in the pictures you send to us (we do this for the privacy of our model).

- 1, 2 & 3 Please take the following three photos.
- 1) A full head shot of your child looking forward with the mouth closed naturally.
- 2) A full head shot of your child looking forward and smiling naturally.
- 3) A full head shot of your child's side profile with their mouth closed naturally. \*It is not necessary to block out the eyes on your child's photos.

4 & 5 Upper and lower teeth. These two photos are generally taken from a lower/higher angle with the child's mouth open as wide as possible and lips pulled back, or by carefully placing a small compact mirror in the child's mouth at an angle and photographing the reflection. These pictures help us identify any spacing or crowding issues.

6 & 7 Bite from side. Please have your child bite down naturally and use an object (spoons, pencil, etc) to pull the lips back. Both the left and right side of the mouth needs to be shown. These pictures tell us about the alignment of the molars as well as over/under bites or protrusion of the teeth.

8 Photo of teeth from the front with natural bite. Take this photo of your child's teeth from the front - with the lips pulled back using the same method as in photos 6 & 7. These pictures tell us about the alignment of the teeth, the natural bite, and any rotation of the teeth, as well as identifying any crowding or spacing.

and alignment.

#### Partial head shots

Head shot photos must show the whole head.

Photos where the teeth aren't visible

Lips need to be pulled back in order to see the teeth

# Overexposed or blurry photos

Lips need to be pulled open so that teeth are fully visible. Photos need to be exposed so that we can see teeth clearly.

Photos that don't show natural bite

Close your teeth naturally so that we are able to assess your bite.

Photos that don't show all the necessary teeth

Mouth is not open wide enough for us to see the molars.

Blurry, tinted photos, or photos with filters

Photo is blurry, and the red tint makes it difficult to evaluate any potential tooth rotation.
